

**GOVERNMENT OF PUNJAB
DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
(HOUSING II BRANCH)
NOTIFICATION**

The 26 June, 2013

No.12/2/2013-5Hg2/2245 Whereas in order to bring all un-authorized colonies/ buildings into planning framework and to provide basic services to the residents of the unauthorized/ illegal colonies in the State of Punjab, the Governor of Punjab is pleased to notify the policy for compounding/ regularization of unauthorized colonies/ buildings in the State of Punjab framed under the provisions of The Punjab Laws (special provisions) Act 2013. This notification will supersede the previous notification no. GSR 41/PA14/1995/SS 38 & 45 Amd (2)/ 2010 dated 09-12-2010:-

1. Background

The Govt. of Punjab vide it's Notification No.GSR. 41/PA14/1995/Ss 38 & 45/ Amd (2)/ 2010 dated 09-12-2010 has amended the PAPRA Rules, 1995 to incorporate the provisions for compounding the offences under the various provisions of the PAPR Act for the violation of the provisions of the PAPR Act, 1995 by developing unauthorized colonies. According to Rule 31 (3) some conditions were laid down for compounding offence of unauthorized colonies to fulfill so as to make an offence under the PAPR Act, 1995 eligible for compounding. During last 2-3 decades numerous unauthorized colonies have come up in the State of Punjab but according to the provisions made in the Rules as stated above only a few have actually opted for getting the offences compounded. The study on the ground has brought out that most of the colonies do not fulfill the provisions as laid down under Rule 31(3) (b), (c), (d) & (e). These amendments under the Rules have not been able to fulfill the expectations of the Department of Housing and Urban Development.

The problem being faced by the State and people living in these colonies is that they have been kept without basic amenities like water supply, sewerage and adequate roads etc. Compounding of offence is one aspect of the problem, the second aspect is to make provisions and provide the basic amenities to the people who have due to various reasons built up their houses in these colonies or have purchased land/plots for building up their houses. The Law should be strict for those who have violated the provisions of the Law but some provisions have to be made at some cost for the innocent general public who knowingly or unknowingly has fallen into this trap of owning plots houses at a lower cost. It is

a basic duty of the Govt. to provide at-least the basic amenities to each and every citizen of the State.

The detailed survey conducted to identify illegal colonies in the State of Punjab has identified 5340 colonies which have come up on 20600 acres of land in the State of Punjab. Besides this a number of scattered buildings of all categories have also come up without approval in the other parts of the State of Punjab. Such sub-standard and un-approved sub-divisions of land into plots / buildings is not only defeating the very objective of planned development but also affecting the planned extension of services and amenities by the Authorities.

Therefore, in order to bring all these unplanned areas into the fold of planned development and to provide basic amenities and a better quality of life to the public, it would be appropriate to formulate a policy under the provisions of **The Punjab Laws (Special Provisions) Act, 2013** by which the violators can be punished financially rather than physically i.e. by compounding their offences and those who have fallen into the trap of unscrupulous and greedy persons should be provided basic amenities but at a cost. Keeping, this in view the following policy for **one time regularization** of these unauthorized developments and constructions is framed.
